# LANTERNS

SKILL LEVEL: EASY / TIME: 30 MINUTES

## YOU WILL NEED:

### MARTHA STEWART LIVING™ PRODUCTS

LED ultra-thin wire lights (white) – 1  
pack per lantern

### OTHER HOME DEPOT PRODUCTS

perforated metal sheets, copper

long straight-edge

box cutter

blue tape

24-gauge wire

wire cutters

waxed paper

---

## STEP 1

At the height and width you desire, cut perforated metal from the larger sheet using a box cutter and straight edge; simply score a few times and bend at the score to break.

---

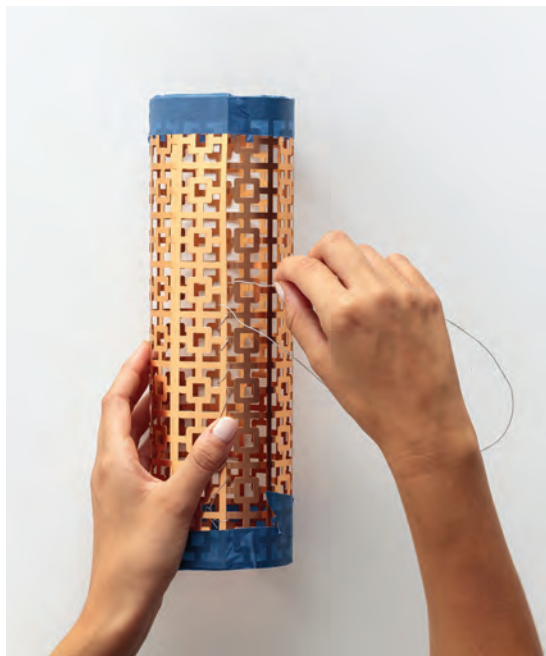

---

## STEP 2

Bend carefully into a cylinder with a slight overlap and secure at top and bottom with blue tape.

---

---

## STEP 3

“Sew” seam with wire, carefully aligning the pattern of metal holes. Remove tape.

---

---

## STEP 4

Line inside of cylinder with waxed paper. Place, and fill with battery-operated wire lights.

## LIT HOOPS

SKILL LEVEL: EASY / TIME: 30 MINUTES

### YOU WILL NEED:

#### MARTHA STEWART LIVING™ PRODUCTS

36-light LED ultra-thin wire lights – 3 strands per small hoop

50-light LED warm white snowflake lights – 2 strands per large hoop

#### OTHER HOME DEPOT PRODUCTS

large and small hula hoops

sandpaper, medium grit

black spray paint

dropcloth

zip ties (or wire and wire cutters)

monofilament

---

## STEP 1

Sand hula hoops and spray paint black.

---

---

## STEP 2

Wrap lights around hoop, securing with zip ties or wire.

Tie monofilament to top of hoop and hang.
