Always Measure First... and Measure Twice

Make sure you measure all doorways, hallways and applicable locations to ensure your new appliance will fit in its new home. You can write down your measurements in the spaces provided below so you have them readily available.

Please note that correctly taking measurements is especially important for refrigerators.

Measure First!

1. Measure the “path of delivery” to ensure that your appliance will fit through doorways and hallways. Compare with appliance dimensions. For refrigerators, consider the unit’s depth, with and without doors. (Installers can remove doors from most refrigerators if necessary.)

   **Top View of Refrigerator**
   - Width
   - Height
   - Depth (A) (Doors On)
   - Depth (B) (Doors Off)

2. Measure the opening for the appliance at the narrowest point. Identify electric, fuel, water and venting sources as available. Measure width at the baseboard level.
   - Width (A)
   - Height (B)

What’s Included with Your Delivery

1. In general, appliance will be unboxed, put in place, connected to the appropriate existing sources and leveled. (Certain complex installs such as gas and dishwasher may require purchase of additional services. See your sales associate for details.)

2. The new appliance will be tested to make sure it works correctly.

3. All packing materials will be removed, and your home will be restored to its original condition.

   Certain installation services are not available in all markets. Please check with your sales associate for details.

Delivery

Upon selecting to have your appliance delivered, your sales associate will ask you to choose from a delivery calendar the most convenient day for you to accept delivery.

1. The delivery company will contact you at least a day in advance of your scheduled delivery date to confirm the delivery and give you a time frame.

2. Someone over the age of 18 must be home to accept delivery of your new appliance.

3. You will receive a 30-minute call ahead on the day of delivery to let you know it’s on the way.

4. All delivery agents are required to display their authorized badge during installations.

5. If you have any questions or concerns about your delivery, please call our Appliance Support Line at 1-866-433-5879.
