

THANK YOU FOR CHOOSING THE HOME DEPOT

BEFORE YOU LEAVE THE HOME DEPOT, MAKE SURE...

- ④ You have confirmed you have new connection parts that meet manufacturer requirements – we cannot use existing connection parts for new appliance hookups
- ④ You have chosen a flexible delivery date; you will receive a four hour delivery window the day prior to your delivery
- ④ You have confirmed the color, style and model of your selected unit
- ④ The dimensions of your selected unit will fit the hookup location
- ④ Your printed delivery information is accurate, and you've provided us with an alternate phone number
- ④ There is an elevator, or fewer than three flights of stairs, between the unloading zone and the hookup location

PRIOR TO DELIVERY, REMEMBER TO...

- ④ Ensure a responsible adult age 18+ will be present during delivery
- ④ Clear any obstacles along the path to the hookup location
- ④ Ensure doorways, hallways and stairways are wide enough to fit appliance (if applicable)
- ④ Empty any appliances that are to be hauled away

AT TIME OF DELIVERY:

Notify the delivery agent of damage. Agent will perform short test for proper operation prior to leaving home.

AFTER DELIVERY:

Call **877-946-9843** within 48 hours.

OUR TEAM WILL...

- ④ Contact you the day prior to notify you of your 4-hour delivery window
- ④ Contact you thirty minutes prior to delivery team's arrival
- ④ Uncrate, set in place, level and connect your new appliance*
- ④ Test your new appliance to ensure it operates properly
- ④ Inspect your new appliance for cosmetic damage
- ④ Remove and haul away your old appliance**
- ④ Properly discard all packaging materials

Thank you for selecting The Home Depot for your refrigerator purchase and hookup. To help us complete your hookup quickly and completely, **please ensure the following prior to delivery:**

- ④ You have purchased a **new water line connection kit** – we cannot use existing connection parts for new appliance hookups
- ④ A 110-volt, 3-prong electrical outlet is within reach of appliance power cord
- ④ For ice and water dispensing models: water shut-off valve is located within 6' of appliance and on same floor
- ④ Shut-off valve is corrosion-free, in good working condition, has a metal connection and requires no plumbing alterations to connect our parts
- ④ Refrigerator clearance measurements account for cooling space as required by manufacturer, including any moulding
- ④ Old refrigerator is empty prior to haul-away (if applicable)
- ④ Doorways, hallways and stairways are wide enough to fit the unit
- ④ Counter depth units may require installation of manufacturer-provided anti-tip device
